ARTECH INFORMATION SYSTEMS, LLC ACQUIRES
THE TALENT & TECHNOLOGY SOLUTIONS BUSINESS UNIT (“TTS”) OF CDI CORPORATION

Morristown, NJ — October 1, 2018 - Artech Information Systems, LLC (“Artech”) announced today that it has acquired the Talent & Technology Solutions business unit (“TTS”) of CDI Corporation. CDI Corporation is a privately held, multinational company that provides engineering, information technology, and staffing services to clients in a range of industries including energy, chemical, transportation and financial services. CDI’s TTS business unit is comprised of a team of approximately 2,500 professionals that deliver IT and engineering talent sourcing services and technology solutions to clients across North America.

The acquisition will significantly enhance Artech’s market position, expanding its global talent pool of billable team members and support staff to over 10,000, and adding or expanding its service delivery locations in Atlanta, GA; Dallas, TX; Phoenix, AZ; West Virginia; and Canada. Additionally, Artech’s annualized revenue run rate will increase to over \$750 Million.

Artech’s Co-Founder & CEO, Ranjini Poddar said, “We are extremely excited to welcome CDI’s Talent & Technology Solutions team to Artech! With over 65 years of experience servicing a premier client base, we believe the TTS team will contribute meaningfully to our client service capabilities. The team’s drive to deliver extraordinary client outcomes fits well with Artech’s client centric culture, and will elevate our positioning as the go-to source for IT, engineering, and professional expertise.

Ajay Poddar, Artech’s Executive Vice President, added, “We expect this transaction to accelerate growth as we work with TTS’ teams to expand our client base and support capabilities in strategic regions throughout the United States and Canada. We are also excited about expanding our services offerings to include Supply Chain Management, Managed Infrastructure Support, NOC L1/L2/L3 Support and RPO services to our new and existing clients.”
